

INDUSTRIAL CUTTING TOOLS

Minicutter ICCU 10

NEW: INDUSTRIAL CORDLESS CUTTING TOOL

Your 1-hand tool for an easy cut!

Holmatro Industrial Mobile Cutters are specially developed for use 'in the field'. The key emphasis for these model's is on mobility, enabling operators to carry out cutting tasks efficiently in diverse environments.

With the Industrial Cordless mini Cutter we offer you the ideal ready to use tool for repetitive cutting of small metals (cutting rebar, chains, fences, hallow steel bars, dismantling car parts etc.), or completing cutting tasks in locations with very limited space for movement, insertion space.

Mini Cutter ICCU10

Smart battery technology

Battery charger

SAFE

- Start-stop mode; push the control button to activate, release the control button to immediately, saving valuable battery time.
- Variable speed control; lightly push the control button for low speed, push further down to increase speed.
- Control slide; easily switch between opening and closing
- Grip teeth on both blades.

DURABLE

- Part of the Cordless Alliance System (CAS); battery compatible with other CAS tools
- Solid blades
- High-grade, anodized aluminum body
- High-grade steel plunger
- All weather proof.

ERGONOMIC

- Compact & lightweight
- Single-handed operation
- For both left- and right-handed operators
- Unique inclined cutter jaw; freedom in positioning the tool
- Integrated LED lighting; well-lit working space in confined, dark spaces
- State of charge indication on the battery
- Maximum operational freedom; ideal for confined spaces
- Stays on torque due to permanent locking of central bolt.

HOLMATRO INDUSTRIAL CUTTING TOOLS

Holmatro is a worldwide known expert with +55 years' experience in developing & producing high pressure hydraulic cutters for both the Industrial and Rescue market. Even though an Industrial *and* Rescue cutter may look the same, they were designed for a different fit for purpose. Holmatro Industrial Cutting Tools are specially designed for **safe, durable and ergonomic** use in a **heavy-duty environment**.

By adding the ICCU mini cutter, we offer you a range of Industrial Cutting Tools, for any situation! From an easy cut, up to continuous use in a production-line set-up.

Applications

The primary application focus of our Industrial Cutting Tools lies in recycling, demolition, production, and decommissioning tasks, where they excel in their efficiency and effectiveness.

Car recycling

Domestic Appliances Recycling

Cable Recycling & Production

Demolition & Decommissioning

Small metals

Scrap and metal Recycling

WE HELP MAKE THE WORLD MOVE FORWARD >>
